Ultimate Medical Academy (“UMA”) received education stabilization funds under Section 18004(a)(1) of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), Public Law No: 116-136. This disclosure applies to the funds received under the Higher Education Emergency Relief Fund that UMA intends to use exclusively for emergency financial aid grants to students.

The institution appreciates that Congress and the President have made these critical funds available for eligible students who have expenses related to the disruption of campus operations due to the coronavirus pandemic. We take receipt of these federal funds seriously and are distributing them in accordance with the CARES Act and implementing guidance.

The institution is making the below information available for transparency purposes and in compliance with the U.S. Department of Education’s (“ED”) Federal Register Notice of August 31, 2020. For questions regarding this disclosure, please contact the Student Financial Aid Office at clearwaterstudentfinance@Ultimatemedical.edu.

Dated: 10/30/2020

1. UMA signed and returned two separate certifications and agreements to ED relating to the respective student-specific and institutional portions of the funds allocated to it under Section 18004(a)(1) of the CARES Act. UMA currently intends to use all of the funds allocated to it under Section 18004(a)(1) of the CARES Act (\$469,150) to provide emergency financial aid grants to students.
2. UMA received a total of \$234,575 from ED pursuant to its Certification and Agreement [for] Emergency Financial Aid Grants to Students. As noted above, UMA received additional funds under a separate certification and agreement.
3. As of the date of this posting, UMA distributed \$234,575 in emergency financial aid grants to students under Section 18004(a)(1) of the CARES Act.
4. As of the date of this posting, UMA estimates that 148 students at UMA are eligible to participate in programs under Section 484 in Title IV of the Higher Education Act of 1965, and thus eligible to receive emergency financial aid grants under Section 18004(a)(1) of the CARES Act. This number excludes students enrolled exclusively in

an online program on March 13, 2020, and newer students enrolled in programs offered exclusively online under normal circumstances, as these students are not eligible for a grant based on ED's guidance. Among the total number of eligible students. UMA estimates that less than ten additional students who enrolled after March 13, 2020 for in-person instruction may be eligible for a grant for expenses related to the disruption of campus operations due to the pandemic.

5. As of the date of this posting, 139 students have received emergency financial aid grants under Section 18004(a)(1) of the CARES Act.

6. Methods used by UMA to determine which students receive emergency financial aid grants and how much they receive under Section 18004(a)(1) of the CARES Act include:
 - a. First Round Grants: UMA allocated the student portion (\$234,575) of the funds by providing an initial grant of \$1600 to eligible students who completed UMA's Student Attestation form and indicated eligibility and need. The funds remaining were distributed equally to those students who noted an additional need for expenses related to food and technology on the Student Attestation form. All funds under the student portion have been distributed to students.

 - b. Second Round Grants: UMA is currently establishing criteria and a process to award funds not distributed under the first round of grants. UMA currently plans to distribute the institutional portion of the funds (i.e., the remaining \$234,575) in the form of additional emergency financial aid grants to students, but reserves the right to allocate these funds for other uses in compliance with its certification and agreement relating to such funds.

 - c. A student is eligible for an emergency financial aid grant using HEERF funds when:
 1. He or she is eligible for Federal Financial Aid;
 2. He or she was enrolled in a course as of March 13, 2020 when the national emergency was declared (or otherwise enrolled under circumstances resulting in potential expenses related to disruptions of campus operations, as determined by UMA);
 3. He or she is enrolled at UMA's Clearwater ground campus, not exclusively enrolled in an online program (including any program that would be offered fully online in non-pandemic circumstances); and
 4. He or she successfully completed a Student Attestation form indicating that he or she incurred expenses associated with the disruption of campus operations.

 - d. For the first round of grants, any student who may have been eligible to receive a grant received a Student Attestation form via his or her student email. Once the Student Attestation form was returned, UMA assessed his or

her responses and eligibility and distributed an initial grant of \$1600 if eligible. The Student Attestation also contemplated the possibility of additional grants beyond \$1,600, and UMA allocated the remaining \$12,175 to the 24 students who noted a need for additional grants for food and technology expenses related to the disruption of campus operations due to pandemic. All funds under the student portion were disbursed.

- e. Under no circumstances may an eligible student receive more than \$6,195.00 in total emergency financial aid grant funds. Students who claim additional need are not guaranteed to receive additional funds, or a certain amount of additional funds.
7. Instructions, directions, or guidance provided by UMA to students concerning the first round of emergency financial aid grants can be found below in Attachment A (student announcement) and Attachment B (student attestation form). Attachment C (student attestation form) is planned to be used for the issuance of the Second Round Grants. UMA is currently determining a process and criteria for the disbursement of remaining grant funds to eligible students. Funds not allocated to students through the processes outlined herein, if any, will be reallocated to other eligible grants or costs, or returned to ED.
